Grand Ridge CCSD #95 Parent Survey

Reason for Survey:

Periodically it is important for the school district to survey parents and community members to help inform decision-making. As part of this process we have developed an electronic survey that can be taken on your computer or mobile device. The answers we receive from this survey will help us in making decisions for the school and the children of Grand Ridge. The opinions of our community, parents, and guardians are very important to us.

How to Access the Survey

There will be several ways to access the survey online:

- **Use the information at the bottom of this sheet to take the survey. Simply read and follow the instructions for taking the survey, submit, and you are done!**
- **Parents and Guardians who gave us an email address in the registration packet will be invited via email to participate in the survey**
- **The instructions and link for the survey will be added to our webpage at grgs95.org.**
- **The weekly newsletter will also include all of the information for accessing the survey.**
- **If you need help taking the survey, we will have a station set up in the main office of the school for parents and community members to log in and take the survey. Call ahead to set up an appointment!**

Timeline for Results

After taking the survey during the month of November, we will compile the data and meet with our District Vision Committee in January. The committee will help us to determine priorities from the survey results and will give the Board of Education the information to use in helping to set our long-range goals for the school. We will share the results in future publications of our newsletter and on our website www.grgs95.org, so make sure to watch for updates!
